Walk-in

What's your style? It's probably apparent in your wardrobe—why not in your closet too? Creating a custom closet space that fits your home and lifestyle is a breeze when you take into consideration the many aesthetic and practical options available with ORG.

1. Corner shelves provide a transition from one wall to the next maximizing shelving space, creating an ideal place to store bulky items.
2. Adjustable shoe cubes are perfect for keeping shoes off the floor when they're not on your feet.
3. The belt rack, which holds up to a dozen belts, glides out on a ball-bearing slide.
4. Tie racks, finished to match your system, glide out for easy access to 24 ties or scarves.
5. A built-in hamper with a tilt-open door and removable wire basket gives your dirty clothes a place to hide until it's time to transfer them to the laundry room.

Many options, including a wide variety of door, drawer and rod choices, provide the opportunity to create your perfectly organized closet.
