Laundry

Laundry is one of those chores that's never really done. Luckily, ORG can help minimize your laundry woes by creating a pleasant, organized and efficient space to work in.

1. A 30-inch-long fold-out ironing board is always ready to be put to use, plus it saves space.
2. Our wardrobe valet is ready to assist with clothes that have been freshly washed or ironed; cabinet doors are available in many different looks, profiles and finishes.
3. Full-extension slide-out baskets come in different sizes and finishes with the option of a removable canvas liner.
4. After the ironing is done, there's a place for everything: The fold-out ironing board tucks neatly back along the inside of the cabinet, and your freshly-pressed clothes can be stored on hanging rods until you're ready to transfer them to a closet.

We'll design a system to fit your needs!
