## Pantry

Often the biggest hurdle in the kitchen is finding that elusive ingredient or utensil. ORG your pantry when you want to maximize your storage space while still keeping a clear view of every bottle, jar and can.

1. Wine racks, available in a variety of finishes, cradle bottles properly on their sides, while stemware racks keep glasses close to your beverage of choice.
2. Vertical dividers hold platters, cutting boards and trays.
3. The hutch unit offers the convenience of an additional work surface plus deep storage drawers for your bulky items. It is also ideal for beverage and glass storage.
4. The full-extension slide-out drawer, made of solid beech, gives you a clear view of all contents (even what's at the very back!).
5. The corner shelf accomplishes a perfect transition and provides display space at the end of a unit.
6. Baskets are ideal for everything from linens to potatoes. They feature full-extension slides and are available in various finishes.
7. Glass-front drawers give you a glimpse of what's inside.

The ORG pantry can be floor mounted or wall mounted using our patented track. All components are available in a variety of finishes.

We'll design a system to fit your needs!
