

## Library/Entertainment Center/Bootbench Locker

The wonderful thing about imagination is that it's yours alone. Just like the storage systems your ORG Dealer is waiting to create for you. Go ahead. Imagine the size, the color, the wood grain, and the design that fit your own special needs.

You talk...we listen. We'll make your imagination come true.

1. A warm Autumn Cherry finish and custom designed fluted panels complete the rich character of your room, while a magazine shelf adds function and charm.
2. Candlelight wood grain and decorative moldings blend effortlessly with your fine furniture, and the staggered shelf depths provide visual interest and versatility in storage.
3. Chrome baskets offer sleek, see-through storage, while drawers and lift-up bench tops conveniently and cleanly stash your gear away.
